

HIV 101

An Introduction to Treatment for the HIV Positive Client

August 20, 2010

UMMC Conference Center

\$50.00 course fee (lunch included)

PURPOSE/GOAL(S): The purpose of this course is to increase awareness and offer a beginner level training to RNs, LPNS, SWs and case managers who may be new to the field of treating HIV/AIDS. The presentations strive to increase understanding and awareness of HIV/AIDS, including information on prevention, adherence and disease epidemiology.

Continuing Education credit will be available.

For more information call 601-984-5542

HOW TO REGISTER:

By Mail to UMMC Continuing Education, 2500 North State Street, Jackson, MS 39216-4505
