

HIV Education for Nurses in the Mississippi Delta Region

The Association of Nurses in AIDS Care (ANAC) and HealthHIV are recruiting non-HIV specialist nurses (both hospital and clinic-based) in the Mississippi Delta region (Mississippi, Louisiana and Arkansas) interested in participating in a train-the-trainer program on basic HIV education planned for fall 2010. This innovative project will serve as a pilot for regional and nationwide programs.

TRAIN-THE-TRAINERS

- Two Rounds of Training
- Four hours of live training on the most current information on basic HIV care and prevention, HIV stigma and cultural competency.
- Convenient training location
- Trainees tasked with returning to their communities and to train at least 10 co-workers.
- Four (4) hours of ANAC accredited continuing education credit available to trainees.

BENEFITS

- ANAC will provide complimentary memberships to all trainers.
- ANAC will also provide mentoring and follow up for one year.

If this opportunity interest you, please contact Jarret Cassaniti, at jarret@healthhiv.org or 202-507-4737 with information about your health facility and the number of nurses you will be able to train.

- Jackson, MS - June 29, 2010
- Location to be Determined – July 2010
- Lafayette, LA – August 2010
